

Recipe Sharing Platform

Share your recipes and discover new culinary creations.

 **By Isha Pernekar**

Abstract

1 Platform Goal

Share and discover recipes.

2 Distraction

Readable content is key.

3 Normal Distribution

Readable English is essential.

Problem Statement

Content

Distraction by readable content.

Distribution

Normal distribution of letters.

English

Making it look like readable English.

Project Overview

Share Recipes

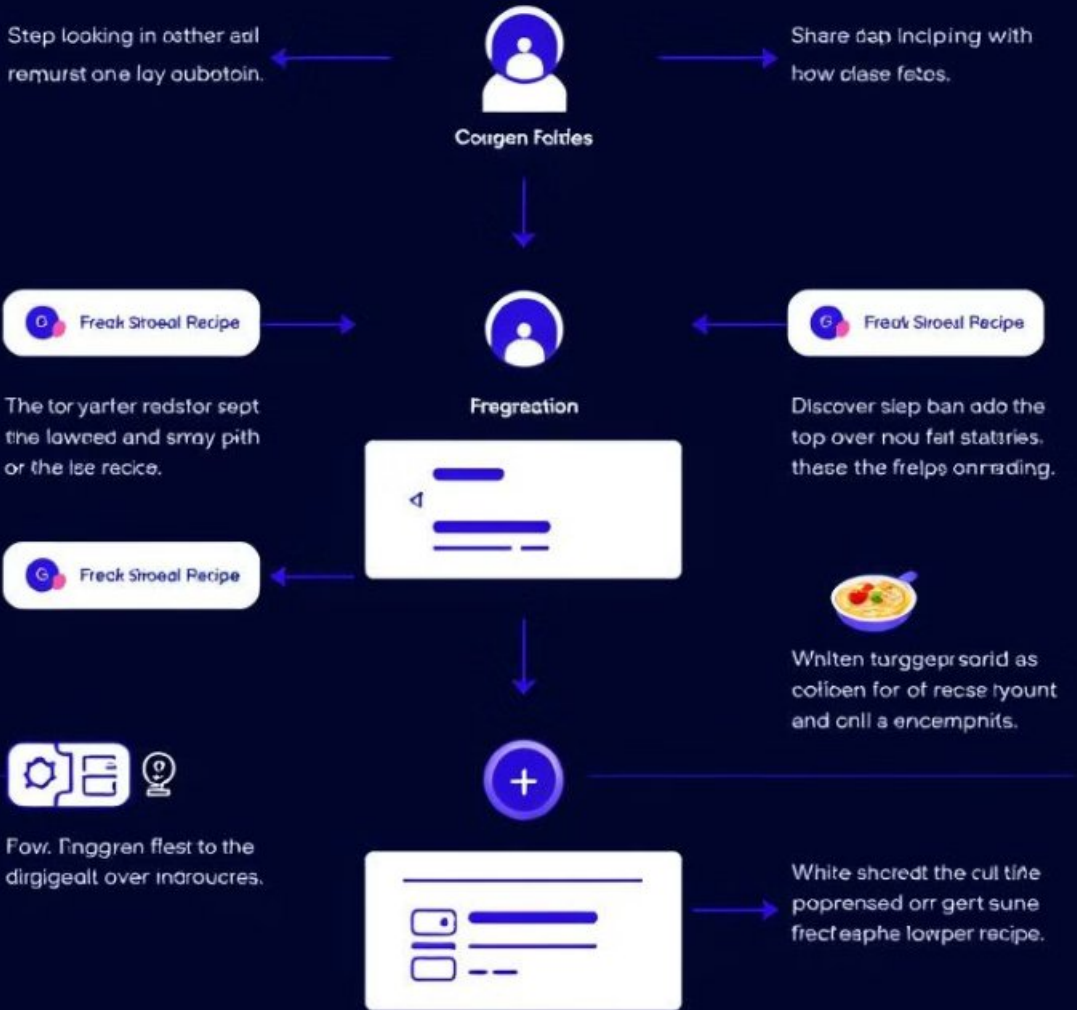

Easily share your favorite recipes.

Discover New Dishes

Find inspiration from other users.

Recipe cotceposide

noticigaiily ffy u comentable at in tepe, your to topon and recipe, our redyt.

Proposed Solution

1

User-Friendly Interface

Intuitive design for easy navigation.

2

Recipe Upload

Simple process for sharing recipes.

3

Search Functionality

Find recipes based on ingredients.

Technology Used

Database

Storage of recipes.

Cloud

Hosting the platform.

API

Integration with other services.

Modeling & Results

1

Data Modeling

Designing the data structure.

2

Testing

Ensuring functionality.

3

Optimization

Improving performance.

Recipe Sharing Platform

In partnership with leading recipe websites, our platform is now the go-to for recipe enthusiasts.
